

Making Tree Cleanup a Snap

Holiday cord wraps keep lights from getting tangled. These can be used with or without the coordinating light & garland box. Labeling each wrap with what area of the house you used it for will save time and hassle next year.

Tree bags minimize assembling and fluffing of branches for the following year. They also keep your tree free from dust and rodents.

People get really hung up (pun intended) on ornament storage. If your tree consists mainly of ball ornaments, an ornament storage box is the perfect solution. If your ornaments tend to be a mixture of odd shaped mementos, consider wrapping each ornament individually in tissue paper and placing them in a plain plastic tub. Place extra ornament hooks in a ziploc bag and tape to the inside of the plastic tub lid. No more looking for the hooks next year.
